SUMMARY

Senior UI UX Designer with 5+ years delivering end-to-end product design across high-scale B2C platforms in e-commerce, discovery and retention. Specialises in conversion-focused user journeys, engagement systems, and scalable design infrastructure.

CORE COMPETENCIES

UX Strategy

User Research

Interaction Design

Conversion Rate Optimisation

Information Architecture

Product Thinking

Usability Testing

Prototyping

Wireframing

PROFESSIONAL EXPERIENCE

Smytten - Bangalore

Sept 2022 - Jan 2026

Senior UI UX Designer

- Owned end-to-end UX across core commerce and discovery surfaces — from research and problem framing to engineering handoff — on a platform serving millions of consumers.
- Lifted PDP-to-cart conversion by 5 points with AI-powered review summaries, replacing review overload with concise, contextual signals and reward-based reviews that closed the trust gap stalling purchases.
- Grew cart-offer completion from 19% to 26% with Bill Buster, a sticky real-time reward tracker that surfaces the remaining spend gap on every add-to-cart, replacing static discount banners users ignored.
- Built Combo Generator, a guided trial-selection flow for a 300+ product catalogue that reframed discovery around removing decisions — driving 22–28% checkout progression and a 14–18% lift in selection completion.
- Led user research cycles (interviews, usability tests, persona mapping) to surface unmet needs across the trial journey, directly shaping quarterly product roadmap priorities with PMs.
- Ran competitive benchmarking across key verticals and maintained consistent IA — annotated component specs, interaction notes, and edge-case docs — cutting design-to-dev ambiguity across squads.

Swiggy - Bangalore

Sept 2020 - Sept 2022

Senior Graphic Designer

- Designed high-impact consumer campaigns and in-app visual experiences reaching 10M+ users across the Swiggy ecosystem.
- Led end-to-end production of festive and occasion-based campaigns, maintaining brand consistency across diverse cultural contexts at national scale.
- Built standardised style guides and reusable design templates, reducing production turnaround and enabling leaner execution across marketing and product teams.

EDUCATION

Bachelor of Design (B.Des)

2017 - 2020

Lovely Professional University, Phagwara

Diploma in Graphics, Web Designing, and 2D Animation

2016 - 2017

Maya Academy of Advanced Cinematics, Jalandhar
